

## TO CHOSE AN EMBLEM

The Society That Will Select a State Flower.

## YOUNG LADIES ENTERTAIN

Guests From All Parts of the State Present at the Ball Given by the Young Ladies' Institute Last Evening.

Mrs. L. A. King has accepted the position of co-worker in the State Floral Emblem society of Montana, and is now ready to receive suggestions for the choice of a state flower. Mrs. King has made a study of botany for several years and is well up in the flora of Montana.

A circular sent out by Mrs. Matt W. Alderson of Bozeman, chairman of the state society, set out the objects of the organization as follows:

The National Floral Emblem society of America, organized to consider the claims of all flowers presented as candidates for a national floral emblem, have called upon the different states, which have not already done so, to organize, choose a state flower and, upon the coming July, to hold floral festivals in its cities and towns for the purpose of considering a fitting national floral emblem. The work will incidentally include a study of the natural flora of the United States and it is designed that it shall, after the state and the national flower are chosen, lead to the introduction and cultivation of the same in every state and territory. Anyone interested in the naming of a national flower shall be qualified to become a member of the National Floral Emblem society, membership being obtained upon the presentation of name by a member of the society and by the payment of 50 cents to the secretary.

For the purpose of carrying out the objects outlined, it is designed to form in Montana a State Floral Emblem society which shall have only one object in view—to create in all parts of our state, among old and young, such interest in the state floral emblem as shall lead the people to deliberate upon the merits of candidates and to intelligently vote for their choice. It is planned to obtain a co-worker in each county who shall assist the state chairman in furthering the aim of the society and take direct charge of discussions of claims of candidates and voting in his or her county. It is desired that all interested in the wild flowers of Montana, or in the state flower to be adopted, shall take part in the voting, that the vote may be representative of the entire state and of every class intelligently interested in the matter. All the newspapers of the state are cordially invited and earnestly requested to aid in discussing claims of floral candidates and in giving expression to the sentiments of their readers on the subject. After the vote has been taken, the legislature will be petitioned to legalize the choice. Presentation of names of candidates, their claims from a sentimental or utilitarian point of view and other suggestions in regard to the subject may be sent to Mrs. Matt W. Alderson, Bozeman.

## NEW NOVELTIES.

The Spider and Fly Company's Farewell Tour of America.

M. B. Leavitt's entirely new spectacular production, "Spider and Fly," will hold the boards at the opera house Feb. 9. It presents an entertainment in which the brightest features of comedy, pantomime, opera and specialty are artistically blended. There are 50 people in this season's production, and they are said to embrace the very choicest of European celebrities and America's best pantomimists, comedians, vocalists, specialty and burlesque artists.
